Meeting with DeGette 8-8-13 - Pavillion.docx

Sandy/Mike

Attached is an updated Pavillion paper. If you think Shaun needs more background let us know. We also agree that the WY press release should also be included.

Mike and Martin -- Earlier today, at her request, I sent Sandy Stavnes the latest one-pager on Pavillion, prepared by Ayn on Feb. 19 for Bob Perciasepe's WGA appearance. As I mentioned to Sandy, I will also make a copy of the EPA HQ news release on the State taking the lead at the site, a copy of the LA Times article on Dimock, and info on Rep. DeGette's fracking bill for Mike to include in Shaun's briefing book.

Martin,

I would provide a one pager for each of these topics -- he has been good about asking for more information when he isn't comfortable with the topic. I haven't seen anything on Pavilion in a while, so latest info would be good.

Mike

Importance: High

Mike – Does Shaun have what he needs for the Pavillion and/or nutrients discussion?

Subject: Rep. DeGette staffers Meeting with EPA Regional Administrator Shaun McGrath -- One-pager updates needed by Aug. 8

Importance: High

Hi, Bert, Colleen and Ayn: Jen Clanahan, Senior Policy Advisor for Representative Diana DeGette in her Denver Office, is having an introductory meeting with Shaun on August 15. Jen has provided a few topics she'd like to check on with Shaun – 1) **Pavilion**, 2) **stormwater regs** and 3) **nutrient pollution**.

Ayn – As you know, Rep. DeGette maintains an interest in fracking, and her bill is still pending. Shaun may already have all he needs on the Pavillion situation, but would appreciate it if you could confirm he's got the latest info. (I'll furnish the LA Times article Rich sent around earlier today about EPA's actions at the Dimock site.)

Bert -- Is it your shop that could provide a one-pager on nutrient pollution? Again, Shaun may have something on this already, but would like to assure he has the latest info.

Colleen – I wasn't sure if the stormwater regs would be in your bailiwick or not. Please let me know if I should redirect this request.

If you could please provide the updated info you have on these topics to Mike Shanahan (with a cc to me) **by Thursday, August 8** so that Mike can include the info in Shaun's weekly briefing book for the week of this meeting, I'd sure appreciate it. Also, if you feel Shaun should have a staff briefing on any of these topics, rather than just receive an updated one-pager, please let us know; and we'll see about getting that scheduled.

As always, I REALLY appreciate your assistance!! Please let me know if I can help in any way.
